University policies and procedures are included in the University Student Catalog or may be found on the University website (<http://www.roseman.edu/students/registrar/university-policies/>). The policies and procedures in this Student Handbook are specific to the College of Pharmacy and are supplementary to University policies. In the event that a University policy is in conflict with a policy of the College of Pharmacy, the stricter policy will apply. This handbook is effective for Class of 2023 students the first day they matriculate into their P3 year, and the first day of orientation for Class of 2024 and 2025 students.

1. The first part of the document discusses the importance of maintaining accurate records of student performance and the role of the assessment system in providing feedback to students and parents.

2. The second part of the document describes the various methods used to collect and analyze data, including standardized tests, classroom assessments, and portfolio assessments. It also discusses the challenges of data collection and analysis, such as ensuring the reliability and validity of the data.

3. The third part of the document discusses the use of data to inform instruction and improve student learning. It describes how data can be used to identify areas of student weakness and to develop targeted interventions. It also discusses the importance of using data to evaluate the effectiveness of instructional strategies and to make data-driven decisions about curriculum and instruction.

1. The first part of the text discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that this is crucial for ensuring transparency and accountability, particularly in financial reporting and auditing. The text also mentions that proper record-keeping helps in identifying trends and anomalies, which can be useful for decision-making and risk management.
